

COLD CHAIN
Live!

THE DEFINITIVE INDUSTRY CONFERENCE FOR THE COLD CHAIN

Take part in the two day event that sets the agenda for the UK temperature-controlled logistics. Leading experts from inside and outside the industry, discussion sessions and top quality networking with business leaders from across third party and in house logistics.

KEYNOTE SPEAKER HIGHLIGHTS

Professor Tim Lang,
City University

on how the world food system has to change and its implications for the way we source and buy food.

Sofie Lindegaard, Head of Group Sustainability, DFDS

on how and why a global supply chain business can meet the net zero challenge.

Terry Jones, Director General of the National Farmers Union

on what it means for UK to be food secure now and in the future.

Claire Fox, Head of Transport and Logistics, PwC

on the economic trends and market context facing UK cold chain.

Cold Chain Live! is brought to you in association with our Platinum Partners:

YOUR CONFERENCE YOUR WAY

Industry leaders from across the cold chain and guests will share knowledge, experience and views on key cold chain topics across three dedicated zones including:

LOGISTICS ZONE in partnership with Mitsubishi Forklift Trucks

REFLECTIONS ON THE STATE OF THE COLD CHAIN

Reflections on market trends and changing environment. A session involving a panel of senior cold chain leaders reflecting on the big themes of the Conference and the state of the industry in 2023.

ATTRACTING THE NEXT GENERATION OF COLD CHAIN PROFESSIONALS

As part of the vitally important Generation Logistics campaign promoting careers in logistics, a panel of emerging leaders give their perspective on how businesses can recruit, motivate and develop the talent of tomorrow.

TAKING CONTROL – THE CHANGING PROFILE OF RISK IN COLD CHAIN LOGISTICS

From safe working, to covering commercial risks cold chain businesses have to manage risks every day. The best businesses don't just put in process but build compliance into the culture of their operations, our panel of experts will explain how you do this.

TRANSPORT ZONE in partnership with Thermo King

POWERING EVs – SOLVING THE INFRASTRUCTURE CONUNDRUM

With the innovation curve accelerating in vehicle technology, the core question is how will our infrastructure cope? A panel of experts talks about implications for cold chain.

END GAME – ACHIEVING MASS ADOPTION OF DIESEL FREE

Technology is changing fast, also reducing and ultimately eliminating the use of diesel is the regulatory imperative that looms over cold chain transport fleets. This panel talks about the practical challenges involved in transitioning to new ways of working.

GENERATION GAME – ATTRACTING AND RETAINING THE NEXT GENERATION OF DRIVERS AND TRANSPORT PROFESSIONALS

In partnership with colleagues at Transfrigoroute International, this session will reflect on the Europe wide recruitment crisis that faces the transport industry and how businesses across the continent are facing into the reality of how to attract retain and motivate the next generation of drivers and other workers.

ENERGY ZONE in partnership with Blue Cube and Styne Refrigeration

THE HEAT IS ON – ENDING ENERGY WASTE FROM REFRIGERATION

Refrigeration is a process of generating heat to produce cold, generally the heat is wasted but it doesn't have to be, our panel of experts talks about innovative and business-savvy solutions to this age-old problem.

...AND FREEZE – THE CHANGING FACE OF BLAST FREEZING IN COLD CHAIN

Fast freezing is one of the core services of cold chain, using lots of energy in concerted bursts to rapidly chill down products preserving quality and shelf-life. However as energy costs rise and consumer expectations change, what are the best options for delivering this service.

RIGHT FIRST TIME – PRINCIPLES FOR EXCELLENCE IN COLD STORE CONSTRUCTION AND REFURBISHMENT

Having the right building, designed and maintained to high standards is of fundamental importance to business success, with a wave of construction taking place across the UK cold chain, we talk to some of the experts about what best looks like.
